OVERLOOK ESTATES HOMEOWNERS ASSOCIATION
RESOLUTION ADOPTING PERMITTED RULES AND REGULATIONS
UNDER CHAPTER 202 OF THE TEXAS PROPERTY CODE

EXHIBIT A**STATUTORY-BASED RULES & REGULATIONS FOR
OVERLOOK ESTATES HOMEOWNERS ASSOCIATION****I. OPENING RECITALS**

1.1 **Declaration.** These Statutory-Based Rules & Regulations for Overlook Estates Homeowners Association apply to all real property that is subject to the *Declaration of Covenants, Conditions and Restrictions Overlook Estates, Sections One and Two*, recorded as Document No. 199955777 in the Official Public Records of Williamson County, Texas, as amended and supplemented (the “**Declaration**”), such real property constituting the “**Subdivision Development.**”

1.2 **Authority.** The Declaration contains provisions that impose land-use restrictions that regulate the use of lots in the Subdivision Development and the construction or placement of improvements thereon, as well as provisions that prohibit construction or modification of improvements on lots without the prior written approval of the Association’s Board of Directors, an architectural review committee, or the Declarant, as the case may be. Certain recently-enacted Texas statutory laws purport to override or void any provision in the Declaration that would restrict or prohibit property owners from construction, installation, or placement of swimming pool enclosures or security measures on their property and/or restrict or prohibit property owners or residents from displaying religious items on their dwelling or lots. Notwithstanding, such statutory laws authorize the Association to adopt and enforce certain permissible dedicatory instrument provisions that impose certain limited regulations for construction, installation, or placement of swimming pool enclosures or security measures on a property owner’s property and/or a property owner or resident’s display of religious items on their property or the dwelling located thereon.

1.3 **Construction & Conflict.** These Statutory-Based Rules & Regulations are drafted to be compliant with the provisions of Chapter 202 of the Texas Property Code to which they are inferior. Accordingly, the terms and provisions of these Rules & Regulations are to be liberally construed to give maximum effect to the regulation of swimming pool enclosures, security measures, and displayed religious items permitted under Chapter 202 of the Texas Property Code, but they shall not be construed as a way to evade the protections, permissions, or requirements of Chapter 202. As a convenience to the Association's directors, officers, members, and managers, the pertinent provisions of applicable laws are paraphrased if not restated in these Rules & Regulations. If any provision of these Rules & Regulations conflict with State law, inaccurately paraphrases State law, or inadvertently omits an aspect of State law, the corresponding provision in State law controls. In the event of an apparent conflict between a provision of these Rules & Regulations and a provision in another dedicatory instrument of the Association, an effort must be made to construe the provisions so as to give effect to both, if such construction is reasonable. Otherwise, the provision in these Rules & Regulations is the higher authority for the limited purpose for which it is adopted, superseded only by public law. The effect of a general statement is not limited by the enumeration of specific matters similar to the general.

EXHIBIT A

1.4 **Severability.** Invalidation of any provision of these Rules & Regulations by judgment or court order or subsequent statutory enactment does not affect any other provision, which remains in full force and effect.

1.5 **Definitions.** The term “Architectural Review Committee” shall mean the Architectural Control Committee. Any other capitalized terms used and not otherwise defined herein shall have the meanings set forth in the Declaration.

1.6 **Conflicts.** To the extent these Statutory-Based Rules and Regulations directly contradict with any previous guidelines or rules adopted by the Association, these Statutory-Based Rules and Regulations shall control. These Statutory-Based Rules and Regulations are supplementary and are in addition to any and all other covenants, conditions, restrictions, rules, and guidelines in effect for the Association..

1.7 **Effective Date.** These Statutory-Based Rules and Regulations shall be effective as a “Dedictory Instrument” of the Association and the Subdivision Development on the date it is recorded in the Official Public Records of the county or counties in which all or a portion of the Subdivision Development is located.

II. STATUTORY-BASED RULES & REGULATIONS

The following Rules & Regulations are hereby adopted as a Dedictory Instrument for the Association and Subdivision Development:

A-2 **Location of Security Measures.** A property owner may not build or install a Security Measure on any real property other than real property privately owned by such property owner.

A-3 **Perimeter Fencing.** A perimeter fence may not be built or installed unless the type of fencing, including without limitation, its design, height, color, and construction material has been approved in writing by the Association’s architectural review committee. Notwithstanding, a perimeter fence must be constructed only of black wrought iron or its decorative equivalent, not to exceed five feet (5') in height, with stone or brick corner posts to match the house, if utilized to enclose the front of the lot.

A-4 **Continued Application of the Declaration.** To the extent applicable provisions of the Declaration or other dedicatory instruments of the Association do not prevent the economical building or installation of a Security Measure, such provisions shall continue to govern the building or installation of the Security Measure.

A-5 **Architectural Review of Security Measures.** A property owner must apply to the Architectural Review Committee for prior written approval of a proposed Security Measure to

the extent required by the provisions of the Declaration and other dedicatory instruments of the Association. To the extent an applicable provision of the Declaration or other dedicatory instrument would prevent the economical building or installation of a proposed Security Measure, the Architectural Review Committee shall be authorized to modify the application of such provision in a manner that is reasonably intended to allow for the economical building or installation of the proposed Security Measure while still adhering as much as possible to the underlying intent and purpose of the Declaration and other dedicatory instruments, as determined by the Architectural Review Committee in its sole and absolute discretion.

- (7) No Religious Item may be attached to a traffic control device, street lamp, fire hydrant, or utility sign, pole or fixture.

B-2 Architectural Review of Religious Items. Property owners and residents are encouraged (but not required) to apply to the Architectural Review Committee for confirmation that the proposed Religious Item conforms to these Religious Item Display Regulations. The Association may require a property owner or resident to remove any displayed Religious Item prohibited by the Declaration that does not comply with the requirements of applicable law or these Religious Item Display Regulations.
